### WHAT IS OUR MISSION?

Our books are all about being imaginative and being confident with it. We can take part with the ideas that Betsy and her friends get up to. We can always look at being creative as a way of being happy with expressive ideas in learning.

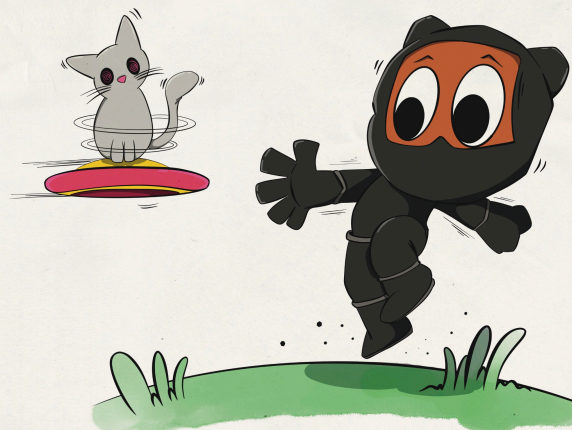

And the yummy cookie!

Ninja Kid and Cat will be getting some cool looking wallpapers for your mobile device and Mac and PC. The wallpapers will be in super 5k, so you can use them for your iPads and desktop (and laptops).

These will be released later on in the month of August.

**I also have digital pages for iPads/tablets, Mac and PC's.**
