# Hello!

## Portfolio Summary:

My portfolio showcases my creative work, including [my book projects, personal illustrations and design projects]. Now, I'm expanding into digital products, a big step toward monetizing my art in a scalable way.

## My Digital Colouring Packs come with:

- 1x Digital Page - for iPad's/Tablets/Mac and PC's
- 1x PDF Page - you can download and print out
- 1x JPEG - what the artwork looks like in colour

## What about the Free Stuff?

I will continue to put free stuff out. The free wallpaper packs will be based on Ai work (mixed with my own design work/style) and commercial based stuff (also mixed with my own design style).
